Disclaimer

There are probably lots of mistakes and omissions in these newsletters. Our objective is to get data out as quick as possible. In a couple of years we will prepare final / more complete writeups. If you notice any conflicts or you have comments please let us know.

Hardware

I recently got a new laser printer. It does an adequate job printing out pictures and documents. I didn't think that a printer of this quality would be available for another year or so. This printer (an HP 5L xtra) will allow us to distribute stuff now instead of

latter.

Mary Van Allen

I have met and exchanged data with Mary Van Allen. She is the "historian" for the George Haas (brother of John B.) and John Hutter (father of Margaret Hutter was was a wife to John H. Bauer) families. She has lots of data that is of interest to both families.

Next Issue

The next issue will deal with the land owned by John B. Haas, Ludwig Haas, Franziska Bauer-..., John H. Bauer and Joseph Bauer. We will include: several aerial photos; plat maps, mortgages and pictures of the farms.
